Aesthetic Artwork

PT Agrominafiber Java Indonesia

Product

Homedecor & Craft

Production process

In making home decor crafts with banana stems, the stems are selected, dried and processed. They are then cut, knitted, or shaped into decorative elements such as decorative lamps, storage, or wall matting. After that, the product is colored and finished to create a unique and aesthetic craft from sustainable banana leaf materials..

Production capacity in a month

1100 pcs

Licensing NIR, Kemenbukam, Sinas, SKA

CRAFT PRODUCTS

Sustainable

Made from water hyacinth, pandan fiber and banana leaves, it is made into beautiful art items

PT Agrominafiber Java Indonesia

Product

Homedecor & Craft

Production process

These handcrafted products, including chairs, tables, sandals, bags, hampers, and trash bins, are meticulously made using fiber materials. Each item is created with strong attention to detail, resulting in artistic, durable, and stylish pieces. These unique, functional, and eco-friendly products showcase intricate craftsmanship, embodying both handmade quality and aesthetic appeal
