CRAFT PRODUCTS

Sustainable

The Banana Leaves Transformed into Aesthetic Artwork

PT Agrominafiber Java Indonesia

Product

Homedecor & Craft

Production process

In making home decor crafts with banana stems, the stems are selected, dried and processed. They are then cut, knitted, or shaped into decorative elements such as decorative lamps, storage, or wall matting. After that, the product is colored and finished to create a unique and aesthetic craft from sustainable banana leaf materials..
